

Property Security

1. Do not leave any valuables in your office
2. Choose a reliable digital access keypad without exposed screw on surface and with anti-magnet mechanism
3. Change the access code periodically
4. Install Security System (eg: CCTV, Alarm System etc.) inside your premises
5. The door release button should be far away from glass door frame
6. Install burglar proof metal plate to cover the latch of the glass door
7. Put extra locking device on glass door
8. Securely lock the door before leaving your office
9. For electricity-control door, kindly advised to add extra locks when you leave
10. Should there be any suspicious, please contact our tenant service colleagues or call our security director on duty at : 183-0287-8835
